

Tuesday 8th March

Dear Parents and Caregivers

I am writing to advise you there have been positive cases of COVID-19 associated with St Lawrence Primary School. It has been determined that there are no further school-based close contacts of these cases.

No students or staff are required to quarantine at this time and should attend school. Nonetheless, this news should come as a timely reminder for all members of the community to monitor COVID-19 symptoms and seek testing if symptoms develop.

Advice for all families and staff:

- The school remains open.
- We ask that you monitor your child/yourself for symptoms of COVID-19 and get tested and isolate until you receive a negative result if symptoms develop.
- If you or your child develop symptoms, please do not attend school.
- Please note that the Omicron strain can present with less typical symptoms such as diarrhoea, particularly in children.

Our school continues to work in partnership with WA Health as we respond to the pandemic.

If you have queries or concerns regarding your child, please contact me. If you have health concerns, please contact WA Health on 1300 316 555 or at PHOpsClinical@health.wa.gov.au .

God Bless

Sheldon Carey
Principal
St Lawrence Primary School
